DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The Examiner received a telephone call on 24 November from applicant's representative explaining the Office Action dated 18 November 2003 did not include the Office Action Summary and information relating to the period for response to the Office Action.

Attached please find a copy of the Office Action Summary for the Office Action mailed 18 November 2003. The Office Action Summary merely summarizes the Detailed Office Action and the Detailed Office Action, which applicant received, clearly indicates there is a three month response period from the mailing date of that Office Action. The Examiner has determined there is no need to restart the response time because the Detailed Action clearly indicates applicant's period for response.
